Sunlite 81477 LED PAR38 Colored Recessed Light Bulb, 15 watt (75W Equivalent), Medium (E26) Base, Floodlight, ETL Listed, Blue, 1 Pack Colored Series

DESCRIPTION:

Sunlite LED household lamps are extremely energy efficient and will help get your monthly energy costs down to their bare minimum. These lamps can last up to thirty times as long as incandescents thereby reducing the hassle of replacements. Sunlite LED lamps contain no mercury elements and do not release any hazardous gasses so, by using these lamps you get to do a little more to protect our environment and now you no longer need to worry about how to dispose of your bulb when a bulb breaks. Lamp recycling is now easy, not as with compact fluorescent lamps and its hazardous gasses. You won't lose out on light output or ambiance either; Sunlite LED bulbs deliver a high lumens-per-watt ratio and produce a bright, crisp light in a variety of colors. This Sunlite LED bulb features a medium base and can last up to 15,000 hours. It produces a vibrant blue colored light. These LED PAR38 Colored Lamps will fit right into your living room or into the most cutting-edge, state of the art lighting design project.
